The diagram shows a blank identification card with two rows. Each row contains a four-digit code field labeled 'CODICE' and a two-digit number field labeled 'NUMERO'.

The image shows a close-up of a document's header section. It consists of two identical horizontal rows. Each row contains five small rectangular boxes followed by two larger rectangular boxes. The first four boxes are labeled "SOURCE" below them, and the last two boxes are labeled "NUMBERED" below them. The entire section is printed in red ink on a white background.
